

Snowman Instructions

By: Kelsey 5A

1. Background: The number that I did was #0000ff on the entire page.
2. Snowman: There are three balls in the middle of the page with the outline tan and size 14 and the inside white. The bottom ball is the biggest about 3 thumbs. The middle ball is about 2 thumbs and the top one is 1½ thumbs.
3. Wardrobe: On the snowman's top ball there is a black hat that has a square and then a line underneath the square. The line is 4cm. long then the square is 2cm. long and 3 cm. wide. On the bottom ball there is a pair of shorts (color #0066cc) on half of the snowman's bottom ball with a v upside down the middle. There also are two arms (brown) in the middle of the snowman, with three fingers each 1 cm long and the arms are 5 cm. long and a size of 16. Wide. On the face there are two eyes (black) at the top of the ball there also is an orange nose shaped like a v in the middle and a (black) smile that is wavy at the bottom of the top ball.
4. Sun: The sun is in the left hand corner with the outline #ff9900 with the outline size is about 20. The fill in color is #ffff00. The shape is the burst shape with 11 spikes (it is the third one in column 1). It should also be touching the snowman's arm (not a lot though just a little bit). Then there are two white clouds one is a pinky length at the end of the top left hand corner. The other cloud is the size of ½ of a pinky the cloud is also cut off the page it (only has half on the page) in the middle of the other side of the sun.
5. Text: There is a text on the other side of the snowman at the top of the picture that is in lime green that says "WOW! It is hot out here!" The font is Arial and the text size is 16.
